although the problem identified drugs as the biggest problem facing today's schools in the 1986 gallup poll survey on education only 16 of parents listed drugs this handbook presents an action plan to overcome the denial of the drug problem in schools and a sets forth a comprehensive program to eliminate alcohol and other drugs from schools in chapter 1 children relate their experiences of drug and alcohol use at school chapter 2 explains how drug use affects a school and why it continues steps in the formation of a community task force are described in the third chapter the fourth chapter details the features of an effective substance abuse prevention program and the final chapter describes the evolution of the fairfax county virginia public school system prevention program and its revised regulations a theme of the book is that the school is responsible for providing an alcohol and drug free environment identifying users and directing their families to support services an extensive resource section is included lmi

studying drugs can be gruesome students studying medicine pharmacology or pharmacy nursing more often than not get overwhelmed by so much information given to them to study all at once a lot of them give up due to information overload or anxiety that comes with seeing all the thick textbooks and materials that need to be covered studied understood and tested on i know i get it i was in pharmacy school then mba school years ago and my professors didn't make it easy on us for us we didn't have this technology then that we have now we only had textbooks and the library no ebooks mobile apps nor internet i finished and have diplomas on both but i wouldn't lie it wasn't easy at all i was overwhelmed like you i had panic attacks like you do i had test anxiety like every other student in this planet has this is exactly why i wrote this book for you i don't want you to go through all that pain and suffering i went through trying to become a medical professional or just simply passing my classes remembering drugs shouldn't be that difficult i know some of you wouldn't believe me but you have to trust me on this i did almost a decade of schooling after high school and i have been teaching millennials i mean adult learners the last 11 years you have to give me some credit i often say funny sticks in the mind if you can associate a drug with something funny be it in another language you know of it sticks in the brain also grouping them by use or the organ's they affect is the key to remembering them but hey wait it doesn't end there if you know the secret codes and you can identify them on the not so easy to remember generic names you are golden you are going to pass any test on drug names and their use or class disclaimer these secret codes apply to generic names only the united states food and drug administration came up with a list of most commonly used generic drug prefixes roots and suffixes i give this list to all my students as soon as they start a pharmacology class with me to help them remember drugs easily but every time i quiz them on it during a lecture i get a blank stare as if i was talking gibberish or in some other language no one understands until students told me that the list was no good since the list doesn't talk to them like i do and they do not know how to pronounce half the drugs on the list oh yeah i hear you say that too yeah it's a nice and handy list but i do not know how to say or pronounce more than half of these drugs if not all you do not have to worry i have made a compilation of my audio lectures from my live classes to go with this ebook so memorizing drugs can really be this ridiculously easy and the link is inside the book repetition is key to remembering anything and by you carrying me i mean carrying this ebook with you everywhere you go you can pull it out anytime anywhere for a quick study or review that's why it's called a cheat sheet i will be with you everywhere you go i promise prof lohner

Thank you totally much for downloading

## Pharmacology Drug Classification
